### **STATEMENT OF THE FACTS**

9. Lauren incorporates by reference as though fully set forth herein all of the other allegations contained in the other paragraphs of the Complaint.

10. Lauren began to see flashes of light in August of 2015.

11. On September 11, 2015, while attending The University of Mississippi, in Oxford, Mississippi, Lauren had an eye examination performed at Oxford Eye Clinic by Defendant Wally.

12. After examining her eyes, including but not limited to dilating her eyes, Defendant Wally diagnosed Lauren with astigmatism and ophthalmic migraine.

13. Based on Defendant Wally's diagnosis, Lauren was prescribed glasses. The glasses did not help, and Lauren continued to see flashes of light.

14. In March 2016, Lauren sought a second medical opinion from Dr. Henry Semple in Mobile, Alabama. Upon examination of the Plaintiff's eyes, Dr. Semple detected a mass in Lauren's right eye.

15. Compelled by the discovery of the mass, Dr. Semple immediately referred Lauren to Dr. Matthew Wilson in Memphis, Tennessee.

16. On April 4, 2016, Lauren was examined by Dr. Wilson, who subsequently diagnosed her with ocular melanoma. Upon diagnosis, Dr. Wilson referred Lauren to St. Jude Children's Research Hospital in Memphis, Tennessee.

17. On April 22, 2016, at St. Jude Children's Research Hospital, Lauren underwent an enucleation—the surgical removal—of her right eye.

18. In the approximate seven months that Lauren's right ocular melanoma went undiagnosed, she continued to see flashes of light and experience blurred vision, all the while needlessly wearing prescription glasses. During that time, Lauren was exposed to an increased risk of metastasis, which later resulted in additional medical testing.

19. Further, Plaintiff lost her right eye which could have been prevented had the mass been detected earlier.

20. As a result of the loss of her right eye, Lauren will have lifelong medical costs and limitations.

21. As a result of the increased risk of metastasis, Lauren will have lifelong increased medical costs.
